FOR CHARLIE

1. Any and all background-type information.

2. Any and all indications of his personal views as regards Soviet regime and its future, his own personal situation within the regime and his own future, his views of the West and the U. S. in particular.

3. Connections and contacts with other Institutes, institutions (governmental and technical) or any other entities.

In particular, what are the names of the entities and the identities of the individuals in these entities with whom he treats either in Moscow or Leningrad?

Even more important, what is his connection with the State Scientific-Technical Committee of the USSR Council of Ministers?

4. Does he have any connections with the metallurgical institutes in Sverdlovsk, or the new scientific city of Novosibirsk?

Are institutes in any of the following cities connected with his work: Chelyabinsk, Ufa, Kuibyshev, and other cities?

5. Personal Life

It is reported that he has two sons, one of whom is named Vladimir. What is the name of the other son or sons or daughters? What are these children doing--attending school, working? Where and at what? What is his wife's name? What does she do and where is she located?

What languages does he speak?

Does he expect to come out to the West again in the near future? Where?
